Our integrated state of the art meat processing plant is equipped with most modern equipments and latest technology enabling us to meet GMP (Good Manufacturing Practices) protocols to ensure quality production.

Awards

Quality Certification

Our factories are HACCP approved and ISO certified.

The plant is approved by the Indian Government's Agricultural and processed food products export development authority (APEDA) under the administrative control of ministry of commerce and industry.

Based on our outstanding meat exporting performance, our Government has accorded to our company, the status of "Star Export House".

We make every endeavor to supply quality production by our qualified professionals, well trained workers and administrative personnel. We strive for continuous up gradation and regularly impart training to workers on hygiene and sanitation norms. the animals are slaughtered strictly as per the Halal & Sharia rites of islam.

The laid out stringent processes for animals' selection prior to slaughtering, ante-mortem examination, is performed and unfit animals are separated. Subsequently, Post-mortem tests are conducted at our in house laboratory by veterinarians under the super vision of the state Government's Veterinary Officer, Department of Animal Husbandry to ensure superior quality of meat.

Our Abattoir

Mirha export Pvt. Ltd. Is among the leading meat producing and exporting companies in India for over a decade and a half. Our abattoir is located in Punjab, approximately 200kms north of New Delhi. The integrated meat plant is a state-of-the-art most modern facility confirming to international specification and standards. The strategic locations of our factories enable us to source healthy animals in Punjab. The animals are largely sustained on natural pastures and feeds thereby the supply of healthy animals is consistent throughout the year in the region due to excellent climatic conditions with adequate rainfall throughout the year.
